

kerakoll

Active Prime Grip is a single-component, water-based primer that boosts adhesion on absorbent and non-absorbent surfaces. Its quartz-enhanced and cross-linking formula ensures strong bonding with mineral-based adhesives, levellers, and renders, suitable for indoor and outdoor use.

Active Prime Grip

High performance primer

Key Features:

- Quartz-enhanced for improved grip
- Excellent adhesion to challenging substrates
- Fast drying and ready to use
- Suitable for absorbent and non-absorbent surfaces
- Brush or roller application
- For internal and external applications
- Available in 5kg

Certifications / Ratings

- GreenBuilding Rating Eco 5
- GEV: EMICODE
- EC1 Plus

VOC Ratings / Eco Notes

- Low VOC Emission
- Solvent ≤ 5 g/kg
- Low Ecological Impact
- Regional Mineral $\geq 30\%$

Appearance:	Creamy white liquid
Coverage:	0.2–0.3 kg/m ²
Shelf Life:	12 months
Application Temp:	+5°C to +35°C
pH:	8.5

Warning: Protect from frost and heat. Avoid use on highly deformable, damp, or reactive substrates. Dilution guidance varies by substrate.
