

kerakoll

Biogel Revolution is a rapid-setting, flexible gel adhesive for all materials and substrates, even in extreme conditions. Its geo-binder formula provides extended workability and fast grip, ideal for facades, pools, saunas, and spas, indoors or out.

Biogel Revolution

Multi-Purpose Flexible Structural Gel Adhesive

Key Features:

- Accelerated Setting: Ready for grouting and foot traffic in just 3 hours
- Shape Memory & Fluidity: Maintains its form during application, adapts to surfaces with smooth trowel spread
- Extended Open Time: Up to 1 hour of workability for stress-free installation
- Zero Shrinkage: Prevents deformation and cracking during drying
- Non-slip: Thixotropic formula with high deformation
- All-in-One: Bonds ceramic, porcelain, natural stone, glass mosaics, and more on any substrate

VOC Ratings / Eco Notes

- VOC Low Emission
- Recyclable

Certifications / Ratings

- EN 12004 C2F TE S1
- EC1 Plus GEV Certified

Available in 25kg bags

Thickness:	2 – 15 mm
Pot Life:	40 min (Grey), 30 min (White)
Foot Traffic:	3 – 8 hrs
Coverage:	approx. 1.25 kg/m ² /mm

Warning: Professional use only. Follow system detailing and recommended installation guidelines.
