

For The Builders of
A Better World

HYDRO BARRIER™

Liquid Applied Waterproof Membrane

FEATURES

- No fabric required
- Single component
- Thin membrane
- Ready for tiling
- Fast drying for faster time to tile
- Safe formulation
- Lighter colour dries to a darker colour

BENEFITS

- Quicker and easier to use
- No mixing involved, just open the pail and begin applying.
- Only 1mm - 1.2mm thick when cured.
- Install tile, brick, and stone directly onto the membrane.
- Greatly increases productivity during the tile installation saving time and money.
- No solvents and non-flammable.
- Gives colour indication between coats for complete coverage

Uses (Interior Only)

- Residential internal wet area work.
- Shower recesses, stalls, and surrounds.
- Industrial and commercial bathrooms and laundries.
- Kitchens, countertops, and food processing areas.
